(A person who probably still has a VCR, with the clock flashing 12:00AM.) A cashier may be faster for the average consumer, but not for someone with enough technical understanding to work their way through a very simple user interface in the case that a "non-normal" event occurs.

amoxicillin generic cost

In cost-effectiveness analysis, the question of interest is, "Which of the available alternatives is the least expensive way to produce a unit of drug use prevention?" Units of prevention can be measured in a variety of ways (e.g., life-years gained, hospital emergency room visits prevented, cases of adolescent drug use prevented), but they must be measured the same way across alternatives.
