how on android, I have an Alcatel One Touch S'Pop that my friend gave me, he's tried fixing it but no success, fortunately i've found the software named "OT\_4030X\_20130507.tar.xz" he downloaded and told me to install onto it however what program to install it with, the phone only has 2 animation, the first when its charging and the second is the boot screen, it also loads the android system recovery and has the option to install from sd card so if I can load the data somehow, how can I unbrick it this way or any other way?
