I am really sorry, but when two parents entered the work force and tore down the fiber of the family, public school socialism moved right on in, kept you too busy to notice, enticed you by using village idiots like Hillary Clinton who wrote the book "It takes a village", a woman who had one gosh darn child, suddenly she's the expert? When two incomes were coming in, families had more money to spend, on stuff, on vacations, on new cars, updates to their homes, and credit cards were flying off the presses.
