Several other elected officials supported the bill, expressing their feeling that it would allow for much needed market competition and it would allow Americans to pay for needed medicine and save potentially thousands of dollars.

lamisil gel (terbinafine 1 )

According to the Act, there is no clear indication of pricing policies related to medicines. The Authority is to appoint a pricing committee to formulate a mechanism which will determine medicine prices, after considering the prevailing international and regional market prices of similar products. According to media reports, the Committee that drafted the Act assured the public about the quality of medicine, and prices are expected to come down in the short-term and decrease further in time to come.
